Miss Lilian Roberts (of the Nurse's Co. Operation -
New Cavendish St. London.) has nursed me, at
two different times, and during five months,
in a severe illness, and I can not be
thankful, and praise her enough, for the
constant, intelligent care, and the untiring
kindness, she has shown me during the long
time, she has been with me, and it is with
great pleasure, that I write to Miss Roberts
this testimonial.
