

Personal

Government Hospital

Suez, Egypt

Jan 25. 1908

This is to certify that Miss Lillian Roberts served under me in this Hospital as nursing sister for more than a year. I found Miss Roberts a capable, reliable, and conscientious Surgical and Medical nurse. She had special charge of the private patients and she showed remarkable power by exerting her personal influence in making them carry out the prescribed treatment. Miss Roberts was greatly respected by both natives & European members of the staff.
