June 24. 35.

Dearest Dolly,

What a good show you made
at the Sports! You may beat her
at!

I didn't see any sample of
'Comers' in your last letter. Did you
send one?

I keep for getting the white gloves
but I will get some & send in
time for you. Did you get the Stock-
ing?

Glad you had a nice time at the
Zoo. You will have some pretty
weethys too at home! They say
Tinker smells rather like the Zoo!
Does Tinker meet with your approval

week, but they are not forthcoming
I shall have to try again.

The Indian girl must feel how
sick I should think. The silk saris
are lovely, aren't they? I have seen
some beauties.

Yes, we too are melting! It is
very nice to have some summer
weather at last: we have been in
the garden quite a lot & had tea
out yesterday & today. Judy can't
tea yesterday. They got home on Sat:
& Geo. is off to camp, now. I wish
it may be as nice as this next
week end. Helen W. hopes you will
call & see her. Harold has definitely
decided to leave Rhodes St., also!
They are off to Sca. too next week for

As a name? His Father is Tinker
& his mother Gyp - we thought the
names quite good & easy to say.

I meant to send the request off
but am sorry I did not get it done.
You shall have it at the week end.

I think you must take me round
John Wesley - Land " sometime
when we are in London.

Quite a change to see you in P.P.
regalia on Saunders Day. I don't
think you will look quite so charm-
ing!

I have tried to get the photos for
you but it is difficult to get anyone
to do anything. I asked Henry G.
to let me have the negatives last

their holiday. Norman & family are
leaving Manchester & going to live
at Heydhurst, near Southampton!
Norman has got a job there.

Naughty child to have a cold?
I am very glad that you can travel
with Frances back to school. We hope
to leave here by car, early (6 a.m.) on
Friday. Ben, Barbara & I. I don't think
we shall come to the concert. I want
to have a peep at Auntie Win & that
will be the only chance. We want to
get away from school as soon as
possible & get home, or as near as we
can, on Sat. eve. If it is too far, we
must stay the night somewhere & get
home early on Sunday.

Good bye till Sat. then. Heaps of
love. Mother. Tinker sends his
regards! - to Chews!
